Key Features

German OKIN Motor

Our brushless single motor is German designed and offers greater performance and endurance.

User Friendly Remote

Our motions control is designed with just two big, soft-push buttons to lift and recline. Perfect for stiff hands!

Supportive Cushioning

We've designed the El Dorado Chair with unique cushioning on either side to support your natural spinal alignment.

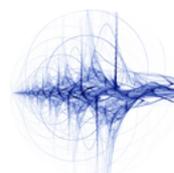

Whole Body Heat Therapy

Soothe tight muscles and aches with thermo-heat pads in the back and leg rest that help encourage blood flow.

Lift Access for Easy Exit

Reduce the strain on knees and legs with the essential lift access feature for a safe exit on and off the chair.

Whole Body Vibration

Drift into a deep sleep with whole body vibration therapy. Select different areas of the body for targeted relief.

Accessories (Sold Separately)

Protective Chair Cover

Prolong the life of your chair with a protective microfibre/vinyl cover. Available in Light Grey or Brown.

Extended Battery Back Up

Our li-ion battery pack lets you use the chair for extended periods without power (suitable for homes with frequent power outages).

Lockable Castor Wheels

Reduce the strain on carers with lockable castor wheels. movement.

Guardsman Fabric Care Kit

Comes with 5 years' product warranty to safeguard against stains and accidental damage.*
