Key Features

German OKIN Dual Motors

Our brushless dual motors are German designed and offer greater performance and endurance.

Supportive Cushioning

Our waterfall cushioning is designed with extra padding for the lower back, supporting your spinal curvature.

Lift Access for Easy Exit

Reduce the strain on knees and legs with the essential lift access feature for a safe transfer on and off the chair.

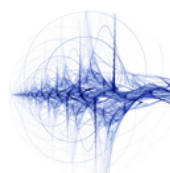

Storage & Cup Holders

Our Big Daddy comes with the capacity to store your favourite belongings in either arm rest as well as drinks!

Charge Your Mobile Devices

Drift into a deep sleep with a full 180 degree recline and added cloud-like cushioning.

Whole Body Vibration

Drift into a deep sleep with whole body vibration therapy. Target different areas of the body at low or high intensity.

Accessories (Sold Separately)

Protective Chair Cover

Prolong the life of your chair with a protective microfibre cover. Available in Light Grey or Brown.

Pressure Care Cushion

Our thermoplastic rubber cushion is fantastic for addressing lower back pain and pressure points.

Guardsman Fabric Care Kit

Comes with 5 years' product warranty to safeguard against stains and accidental damage.
